

Permit Control Stations

- ▶ Enable workers to easily identify relevant documents and equipment where needed
- ▶ Easily access documents for lockout validation with the quick release case or removable clipboard
- ▶ Mix and match your full solution or order components separately to complete an existing setup
- ▶ The Permit Display Case is easy to handle, lightweight material that can resist rougher environments

Part No. 152730

Part No. 152731

Group lockout scenarios become more complicated as people are added to the process. And while more workers mean less equipment downtime, without the right devices in place, they also mean increased risk for accidental re-energisation. That's where the Brady Permit Control Station comes in. For an effective group lockout program, lock boxes and corresponding paperwork go better together. Put simpler, it's a best practice for compliance and efficiency.

Permit Control Stations

PART NUMBER	DESCRIPTION	TYPE	UOM
151736	Permit Display Case	Case	EA
152732	Ultra-Compact Lock Box Permit Control Station	Small Kit	KIT
