

## Keep track of your sample data

### BradyPrinter M611 Mobile Label Printer with Brady Workstation Mobile or Desktop Software

Your sample is only as valuable as the data behind it. Keep data integrity with high performance identification — stay connected to your data with the BradyPrinter M611 Mobile Label Printer and Brady Workstation Mobile or Desktop Software.

Through data automation, you can seamlessly get your data into the format you need it and put it on your label. It's all in the powerful Brady Workstation Express Labels Mobile App that **connects your data to label templates so you keep your data integrity without any extra work**. When it's time to start creating labels, simply pull from your data file and get to work.

With the Express Labels App, you can get your templates on your mobile device or tablet anywhere in your lab via the cloud or email, and get data from pre-existing barcode labels using the device's camera. Need to make a change? No problem — this app lets you edit text, change layouts or create labels from scratch. When you've got your labels exactly how you need them, print on the BradyPrinter M611 via Bluetooth or Wi-Fi connectivity. With this powerful software and printer combination, you also get:

- **High-performance printing** in a small footprint when bench space is limited
- **Long-lasting identification** with materials designed to survive your harsh lab conditions
- **Easy to use templates** for common lab labels

## Label materials

B#	MATERIAL	DESCRIPTION
B-403	Paper	Paper label completely dissolves in warm water within 30 seconds, leaving no adhesive residue behind.
B-461	Polyester	Ultra-thin polyester label with a clear overlamine tail that protects the print and allows liquid levels to be visible.
B-481	Polyester	White StainerBondz™ Polyester with extreme chemical-resistance that withstands the rigors of typical deparaffinisation including ethanol, xylene and H&E staining process.
B-488	Polyester	White Polyester with moderate chemical resistance for short-term exposure to xylene, DMSO and ethanol.
B-490	Polyester	White FreezerBondz™ label ideal for flat frozen surfaces. Adheres to frozen tubes and vials when wrapped around itself by at least 3.18mm.
B-492	Polyester	FreezerBondz ultra-thin white polyester label for labeling of frosted/frozen or room temperature vials, tubes and cans. Superior chemical and abrasion resistance.
B-494	Polyester	Colour labels for quick differentiation between samples. Withstand the harshest lab environments including liquid nitrogen, a variety of chemicals and more.
B-498	Vinyl cloth	Repositionable white vinyl cloth label for re-identification of post-process tissue cassettes or general lab applications. Can be applied directly onto the cassettes or on top of the previous label.
B-499	Nylon cloth	Thick white nylon cloth with permanent adhesive for easy handling and conformability.
B-7425	Polypropylene	Economical white polypropylene label with moderate chemical resistance, ideal for labeling dry, room temperature specimen containers. Must be applied to containers prior to being frozen.

## Software options

### Brady Workstation Laboratory Identification Suite (included with Printer)

Ensure labels for all your lab samples and equipment are crisp, clear and contain all necessary information. Easily design and create labels for your cryovials, centrifuge tubes, bottles, conicals, slides and other samples in your laboratory on this desktop software.

### Brady Workstation Express Labels Mobile App (available for download from Apple App Store or Google Play)

The Brady Workstation Express Labels Mobile App makes mobile printing convenient and simple. This intuitively designed software integrates touchscreen technology for fast and easy label creation, including label resizing using touch and a native keyboard for more natural typing. To make label creation even more convenient, the app features auto-save capabilities, tools to help you easily enter data onto your label, and easy-to-use editing tools to keep labelling projects moving smoothly.

## Printer part number

PART NO.	DESCRIPTION
879024	BradyPrinter M611 with Laboratory ID Suite

\* Printer ships with Workstation Software Laboratory ID Suite, AC adapter/battery charger, USB 2.0 cable, utility strap, PTL-97-488 label material, M61-R4310 ribbon and USB flash drive with product information.
