

FLOOR MARKING SIGNS

INSTALLATION/REMOVAL INSTRUCTIONS

FLOOR MARKER INSTALLATION INSTRUCTIONS:

1. Ensure area is clean and free from dust and debris
2. Use a mop and some detergent to clean surface thoroughly
3. Allow time for surface to completely dry before continuing
4. Peel the protective backing off of the floor marker and lay it down at the installation point
5. Apply pressure evenly over the entire floor marker surface

FLOOR MARKER REMOVAL INSTRUCTIONS:

1. Using a scraper if necessary, begin lifting the marker slowly from a chosen point
2. Pull the label back towards you at a 90° angle or less
3. Slowly continue this process until the removal is complete, cutting off portions where needed
4. If the sign is not lifting with ease, it is recommended that the decal is heated
5. Once the decal has been removed, wash the area with warm water, wipe down with a cloth and allow to dry

If any residue remains, you can use the following methods to help soften the adhesive: • Vinegar and warm water • Hand sanitiser/alcohol • Olive Oil
