

HANDS OFF THIS HIGH-TOUCH AREA

WATER BUBBLER LOCKABLE COVER KITS

Did you know? The surfaces around water drinking fountains and bubblers including the spout could pose a risk for the spread of germs.

Keep your staff and visitors safe by restricting access to these high touch point areas such as drinking fountains with Brady's Drinking Fountain Bubbler Lockable Cover Kits.

- Effectively blocks spout use
- Compact in size and easy to use. Once installed, simply secure with a padlock
- Device covers the spout of most drinking fountains**
- Safety covers are available as ready-to-use kits with the padlock(s) included

KEEP PEOPLE SAFE BY ADDING A PHYSICAL BARRIER TO THE WATER FOUNTAIN.

Suitable application include:

Schools, Universities, Colleges, Sports and Community Centres, Gyms, Councils, Parks, Health and Aged Care Facilities, Warehouses, Factories and Building Sites.
